■ **9.1** The number of visitors entering Yukon by land through Canada Customs points of entry from January to October 2010 was 390,949, compared to 352,112 for the same time period in 2009. This represents an increase of 38,837 travellers, or 11.0%.

Comparing October 2010 with October 2009, the following changes occurred:

- The total number of travellers increased by 641, or 7.6%.
- Yukon resident travellers decreased by 82, or 4.1%.
- Other Canadian travellers decreased by 26, or 8.8%.
- U.S. travellers increased by 744, or 12.4%.
- Other foreign travellers increased by 5, or 3.6%.

■ **9.2** Comparing August 2010 with August 2009, the number of aircraft movements in Whitehorse increased by 1,098 flights, or 42.5%.

From January through August 2010 there were 22,525 flights in Whitehorse. This represents an increase of 4,266 flights or 23.4%, compared to the same time period in 2009.

The "number of days reporting" refers to the total number of days in the given month which had aircraft movements.

Footnotes

1. Population

1.2 'Other' includes communities such as Champagne, Elsa, Johnson's Crossing, Keno City, Stewart Crossing & Swift River.

1.4 Migration estimates are based on both international and interprovincial movement into and out of Yukon, as well as returning emigrants, temporary emigrants and non-permanent residents.

2. Employment

2.1 Yukon figures are rounded to the nearest hundred; because of this, figures may not sum to totals. All Yukon figures from the Labour Force Survey are three-month moving averages based on 92% coverage.

2.2 Yukon and Northwest Territories are not included in the Canadian unemployment rate.

2.3 "Total" government employment includes Yukon Liquor Corp. and Yukon Development Corp./Yukon Energy Corp.; excluded are First Nation governments. "Territorial General" government employment includes employees of all Yukon Government departments, as well as employees of Yukon Workers' Compensation Health & Safety Board, Yukon College, etc. "Territorial Health & Social Services" includes employees at Whitehorse General Hospital, Alexander MacDonald Lodge, Children's Receiving Home and Assessment, Detoxification Centre, group homes, Norman D. Macaulay Lodge, Northern Network of Services, Copper Ridge Place and the Thomson Centre.

2.4 Unclassified employees are excluded, as well as those enterprises primarily involved in agriculture, fishing and trapping, private household services, religious organizations, and military personnel of defense services. Additional employee and earnings data for other NAICS (North American Industrial Classification System) categories are available by contacting Yukon Bureau of Statistics.

2.5 & 2.6 Employment insurance income beneficiaries include regular, sickness, maternity, parental, training and other types of benefits, but exclude those receiving employment and support measures benefits. "Other" in graph includes beneficiaries from other communities than those displayed, as well as beneficiaries whose community could not be determined. A value of "0" represents one of the following: 1) value is actually zero; 2) value may be rounded to zero; or 3) value is more than zero but is suppressed for confidentiality reasons.

3. Consumer Prices

3.1 The Consumer Price Index (CPI) measures price changes over time but should not be used to compare costs between provinces and cities. As of the May 2007 CPI release, the weights of various items in the basket of goods and services used to calculate the index have been updated from 2001 to 2005. In addition, the CPI base year (the period for which the value 100 is assigned to the index) has changed from 1992 to 2002. Therefore, data from this and future publications should not be compared with previously released data.

4. Rental Units

4.1 & 4.2 The Yukon Rental Survey covers buildings with four or more units. Rentals with less than four units (such as houses, suites and duplexes) are not included in the survey.

5. Real Estate

5.1 & 5.2 Rounded data may not sum to totals.

5.2 The 'Family Lots' category does not include the majority of lots purchased by contractors. For further explanation, contact Yukon Bureau of Statistics.

6. Construction

6.1 Rounded data may not sum to totals. Permits issued in the communities are totalled on a calendar month.

6.3 Rounded data may not sum to totals. Special permits or permits for demolitions may have dollar values of zero. Whitehorse permits are reported for a thirty-day period from the sixteenth of one month to the fifteenth of the following month for which the totals are reported.

7. Resources

7.1 Canadian prices are based on the conversion of US prices using the 'noon' exchange rate at month-end by Bank of Canada. Prices of gold and silver are a.m. fix prices at month-end. Prices of lead, zinc and copper are London Metal Exchange "cash seller" prices at month-end.

7.4 'Total' includes other types of refined petroleum product sales. Domestic sales are by reporting companies, are exclusive of exports and sales to other reporting companies, and are adjusted for exports and imports by non-reporting companies.

7.4 'Aviation gasoline' includes all gasoline-type fuels for piston-type aircraft engines.

8. Trade

8.4 Bank rate figures are from the last Wednesday of the month.

9. Transportation

9.1 This table only includes persons entering Yukon by land at Canada Border Service Agency points of entry. Travellers entering Yukon through all other roadways are excluded, as are persons entering by air and water. *Please note:* Fraser BC border crossings are included in totals even though there is the possibility that these persons may never physically enter Yukon.
